

UNEARTHING THE PLOT BEHIND THE ASSASSIN

Some Pretty Strong Clues Already Developed.

SITUATION IN KENTUCKY IN A TANGLED CONDITION.

Mr. Goebel Seems to be Better Today and There are Hopes He Will Pull Through—He is Manifesting Some Interest Over the Details of the Shooting—Goebel Militia Has Not Yet Materialized—Streets of Frankfort Thronged With Soldiers—Military Prevent a Session of the Democratic Legislature—Call for Volunteers—Watterson Gives His Version.

Frankfort, Ky., Feb. 2.—[Special Telegram]—At noon Mr. Goebel's condition was more favorable.

Frankfort, Ky., Feb. 2.—[Special Telegram]—At 8:15 o'clock this morning Dr. Welch said: "Mr. Goebel has a long journey through this spell even if he shall recover. The kidney action is not what we would like to have it. His digestion is bad, but his heart action is better."

Gov. Goebel is now beginning to inquire about the shooting. He is asking as to the location of the window in the executive building from which the shot was fired, and asks concerning all the other phases of the situation. He seems to be in a deep study about the whole affair.

As it becomes more generally known that Goebel shows an improved condition the joy among the Frankfort people spreads. If there was a plot behind the attempted assassination the facts can doubtless be ferreted out in time. A large detective force will be turned loose on the case.

It is learned that some pretty good clues have already developed, but they are as yet secret with the democratic officials.

To Offer a Large Reward
An agitation has begun for a reward to be offered by the legislature for information leading to the capture of the assassin or assassins. The amounts mentioned range from five to fifty thousand dollars.

On every train groups of strangers are leaving the city. It is believed they came here to join Goebel's new militia, but were not put into service.

Many of the republican legislators packed up and left for their homes today. They said they would be in London Tuesday. Telegrams are pouring in pleading for peace among the leaders.

Taylor Will Be Enjoined
The democratic attorneys filed a notice of injunction against Governor Taylor this morning. The petition prays that the court enjoin Taylor from interfering with the assembly.

If granted, the appeal will be taken to the court of appeals and if there affirmed, an attempt will be made to enforce the order by deputy sheriffs. Then would come a clash between the soldiers and the deputy sheriffs.

Ex-Governor Bradley and other republican attorneys have gone to Louisville for a conference, and it is said the democratic attorneys will meet them there for a continuation of the peace negotiations.

Taylor continues in the executive office under a heavy guard. The republicans are in much better spirits today.

Blackburn Will Go to Kentucky

Washington, Feb. 2.—[Special Telegram]—Senator Blackburn will leave for Kentucky this afternoon. There is an urgent demand for his presence by the democratic leaders at Frankfort.

SEEMING TRUCE IN KENTUCKY

Taylorites and Goebelites are jockeying for position.

Frankfort, Ky., Feb. 2.—Thursday was a day of great anxiety and strife at Frankfort. One of Kentucky's governors hovered near the brink of death throughout the long and weary hours; the other remained in the executive building, fearing to expose himself to a would-be assassin's bullet. The streets were thronged with armed men in uniform and in citizens' clothing; senators and representatives were running to and fro, executing orders from the leaders. Lawyers held many conferences, seeking to relieve to some extent, at least, the tempestuous nature of the situation. The condition of affairs was such that one false move would have plunged Kentucky into a civil war. Everybody seemed to have

TEACHER AND PUPIL PERISH.

Two Lives Lost by Fire in a Parochial School.

St. Louis, Mo., Feb. 2.—The parochial school building of St. Lawrence O'Toole's parish, Fourteenth and O'Fallon streets, caught fire Thursday afternoon, and a teacher and a pupil perished in the flames. Sister Stanislaus, a teacher of music, after having escaped from the building, returned to the third story to search for a missing scholar, and the firemen found her lying unconscious by the side of Mary Foley, 12 years old. They were carried down a ladder by Charles Bradley of the salvage corps, and died in the ambulance while being taken to Plush hospital, near by. In the world Sister Stanislaus was known as Nellie Mahoney, and was from Scranton, Pa., where her mother resides. She came to St. Louis seven years ago. The scene around the burning building as the parents hurried to the spot and sought for their little ones was exciting. The cry that twenty-five children were penned in on the third story added to the excitement, but search by firemen showed this to be untrue. Loss \$10,000; insured.

GEN. ROBERTS DEMANDS 90,000 MORE MEN FOR SOUTH AFRICA

British Cabinet Has Decided to Honor That Call at Once and Will Raise New Troops by an Order for Conscription Which Will be Proclaimed Feb. 14—It is Believed the Boers are Sending Troops to Guard an Invasion into Orange Free State—No Confirmation of the Rumor That Buller Has Again Crossed the Tugela.

London, Feb. 2.—[Special Cablegram]—Pearson's war news today says that Gen. Roberts demands ninety thousand additional men for South Africa, and that the cabinet has decided to raise the needed number by an order of conscription, which will be proclaimed Feb. 14.

An undated dispatch from Buller received at the war office today reports two men killed and sixteen dead from wounds.

Boers Are on the Move

Cape Town, Feb. 2.—[Special Cablegram]—A large area of veldt to the east of Madder river is burning and throwing off large volumes of dense smoke. It is believed that the Boers fired the veldt in order to screen the movement eastward of some of the Magerfontein forces. There have been indications for some days that the Boers were preparing to draw off some of their forces opposing Methuen in order to send reinforcements to the Orange River in anticipation of an invasion of the Orange Free State.

London Full of Rumors

London, Feb. 2.—[Special Cablegram]—The war office announced today that it had nothing to make public concerning the Natal situation.

In the absence of any real news from the front London is full of rumors again. One has it that Buller has again crossed the Tugela and is now advancing by a new route to Ladysmith. Another insists that Buller is fighting again on the banks of the Tugela, while still another declares that White's beleaguered garrison at Ladysmith has been relieved.

There is not the slightest probability of the confirmation of any of these stories, nor does any one take stock in the revival of the report that Joubert has been killed, this time in the Spion Kop action.

third time into history has exercised its extraordinary supervisory power to review alleged improper practices avowed against the lower courts by issuing an alternative writ of mandamus directed against John C. Ludwig, judge of the Superior court for Milwaukee county, commanding him to show cause why he should not be enjoined from proceeding with the substitution of the Linden Land Co. as plaintiff in the suit of J. G. Trentlage against the City of Milwaukee and the Milwaukee Electric & Light Company. The order is made returnable at the next assignment of of court which will be about Feb. 20.

M'KINLEY WILL NOT HEED GOV. TAYLOR

No Federal Troops Will be Sent to Kentucky on Taylor's Appeal.

LEGISLATURE TO RULE

President Thinks it is the Constitutional Authority of the State.

Policy of the Administration is to Discourage All Idea That the Kentucky Case is a Proper Case For Federal Interference—It Will Not Commit Itself to a Recognition of Either Taylor or Goebel.

Washington, Feb. 2.—[Special Telegram]—The president assured the Kentucky delegation that called on him this morning that unless something much graver than has happened at Frankfort shall occur and the state authorities are unable to prevent wholesale bloodshed, no federal troops will be sent to the scene of the trouble.

At the cabinet session today the president decided that the situation in Ken-

was received the president read it, sent a copy of it to the War department in the ordinary course, but did not even take the trouble to summon either Secretary of War Root or Attorney General Griggs for a conference about it. Nor was any reply prepared at the White House.

It Acting Governor Taylor is actually depending upon the federal government for "recognition and support" in maintaining his pretenses to the governorship he is surely doomed to disappointment.

Not To Send Troops.

The president does not deem that any emergency has arisen requiring him to recognize either Taylor or Goebel as governor and he does not think any such emergency shall arise. If it does arise it is certain the president would not recognize Taylor.

It is believed Mr. Taylor will today follow his dispatch with a direct appeal for federal troops. If he makes such application it will be denied.

In the first place, compliance with request would amount to recognition of Taylor as governor. In the second place, even if it be conceded that Taylor is governor or acting governor, he is not in position to make a call for troops meeting the requirements of the constitution.

Legislature to Rule

The legislature could convene at any moment Mr. Taylor would call it to meet or permit it to meet. Therefore the man who adjourned it and who now prevents its meeting cannot come to the national government with a constitutional demand for federal assistance. This would be true if he were unquestionably the governor; if his title were not in dispute.

These facts have been pointed out to the president by his cabinet advisers. He is familiar with all of the conditions of the unfortunate imbroglio bearing in any way upon his duty.

If the president will not recognize Taylor, whom or what will he recognize? No question beyond the recognition of Taylor has so far been raised, and the president does not deem it his duty, as already said in this dispatch, to anticipate problems. But it is well understood among his advisers that he will, if it becomes necessary, recognize the legislature as the constitutional authority of the state of Kentucky.

TOLSTOI READY TO DIE

Russian Novelist Says That His End is Near and That He is Ready To Go.

Paris, Feb. 3.—Temps today publishes an interesting interview with Tolstoi. Speaking of himself the aged author declared:

"My end is near. I anticipate it with tranquility, as all things are inevitable. In my last book, 'The Resurrection,' I wanted to paint three loves—sentimental, sensual, and sublime, the love which ennobles, purifies, and delivers men. Resurrection is contained in the last kind of love."

Tolstoi is vehement on the subject of the Transvaal war, speaking of which he said:

"It has thrown me into an indescribable state. I passionately desire a Boer victory. The war is the greatest folly of modern times. Such butchery following the The Hague peace conference is a sign of the passion for gain which now dominates the world."

REV. FORKELL RESIGNS

Green Bay Minister Cannot Accept Some of the Methodist Church Dogmas.

Green Bay, Feb. 4.—The Rev. William M. Forkell has tendered his resignation as pastor of the First Methodist Episcopal church and will sever his connection with the Methodist church entirely. His resignation has been forwarded to the presiding elder to take effect March 1 or sooner, if desired. The announcement was made to the First Methodist church board last night. The cause for the adoption of the course is Dr. Forkell's inability to accept some of the dogmas of the church.

FOR BENEFIT OF RURAL SCHOOLS

Effort to Enforce Law Relating to Township School Libraries.

IS NOW A DEAD LETTER

Republican State Central Committee Called to Meet in Milwaukee, March 14.

Harry Dunn Sentenced to Imprisonment For Life For the Murder of Emil Lieber—Trolley Case Up in the Supreme Court Today—Pier Family of Women Lawyers—Lewiston For United States Marshal.

Milwaukee, Wis., Feb. 2.—The annual convention of the county superintendents of the state is in session here. The principal topic discussed was, "Township Libraries and the Best Means of Having Them Established and Preserved." State Superintendent Harvey when he opened the meeting said that one of the most important questions confronting the superintendents was that of township libraries, and called for volunteers to suggest a remedy for the evils which now exist. The discussion was carried on by ten or twelve educators. The law provides that in each township in the state the treasurer shall set aside, for the purpose of establishing township libraries, ten cents per capita for each child in each school district. The law is practically a dead letter in most of the counties, and it is now the purpose of the superintendents to see that it is enforced.

Republican State Committee Call.

Chairman J. B. Treat of the republican state central committee today issued a call to the committee to meet in this city March 14 to name a date for the convention to elect delegates to the republican national convention. It is probable March 21 will be decided upon. The central committee will also decide whether the new state central committee will be elected at the delegate convention. It is customary to elect the central committee at a state gubernatorial convention, but in this instance it will probably be elected by the presidential delegate convention.

Sent to Prison For Life.

Judge Wallber this morning sentenced Harry Dunn to life imprisonment in the penitentiary for the murder of Emil Lieber, a saloon-keeper, on the Chicago road, in October, 1898. Dunn is a degenerate, and was convicted as a result of his eagerness to pose as a great criminal.

Trolley Case In Supreme Court.

The "battle of the ordinance," or the street railway fight, will be transferred to Madison today when Judge Ludwig will appear before the supreme court, by counsel, to show cause why he should not be prohibited and restrained from proceeding to punish the twenty five aldermen, the mayor and the city clerk for passing the four cent fare ordinance while the Schwartzburg injunction was in force.

Family of Women Lawyers

Mrs. Kate E. Pier and Miss Harriet H. Pier of this city were yesterday admitted to the bar of the United States supreme court at Washington. The application was made by Miss Kate H. Pier, who was admitted to the bar some years ago. There are only twenty women lawyers in the country who have been admitted to the supreme court and of this number four are members of the Pier family, the mother and three daughters.

Lewiston For U. S. Marshal

Charles Lewiston, appointed on the recommendation of Senator Spooner to be United States marshal for the western district of Wisconsin, lives in Hudson. He is at present assistant state labor commissioner. His appointment has been expected for some time, as Senator Spooner had said that he should recommend a Scandinavian to the position, as he thought that element of republican strength in Wisconsin was entitled to recognition.

FLOOR CAUGHT FIRE FROM THE GRATE

Still Alarm Sent From the Home of Mrs. J. Elizabeth Holt Early This Morning.

A still alarm of fire was sent to the West Side fire station this morning at 6:30 o'clock, from the residence of Mrs. J. Elizabeth Holt, 123 Washington street. A fire had been started in a grate, and the floor became ignited. The house was filled with smoke and the sleeping inmates were in danger of suffocation. The fire was extinguished with a loss of from \$25 to \$50. The residence is owned by Henry C. Stearns. It is insured for \$1500, and \$1000 insurance is carried on the contents.

Up—Fairfield, Cainville and Rock
River.

Clinton, Feb. 2.—The Modern Woodmen banquet and initiation exercises will occur on the evening of February 20. This postponement was made necessary on account of delays in the return of membership certificates.

The local order of Eastern Star will give an annual dancing party at Woodard's hall on the evening of Feb. 12. Harder's harp orchestra will furnish the music. The invitations have been issued.

The Clinton Check Hook company are highly elated with the success of their business enterprise. A. C. Rice informs us that orders are coming in fast from the twenty or more agents who are on the road selling their goods. Some of their men are making as high as \$65 per month. As the check hooks are usually carried as a side line it is evident that the hook is a good seller.

Ordinance No. 26 passed by the common council at a meeting held Monday evening, grants a franchise to the Wisconsin Telephone company, its successors and assigns. Section 1 provides for a local exchange, something that would be of great benefit to the village.

The temperature at this place on Wednesday morning at 14 degrees below zero.

Frank A. Griffith, a former Turtle Creek resident, and more recently a member of a commission firm at the Union Stock yards, is now a traveling salesman. He handles the Clinton Check Hook company's goods, and is one of their best men.

One of our grain dealers advertises for 50,000 bushels of barley and 20,000 bushels of oats. This looks encouraging for future prices.

Mrs. Flora Dickerman, now in Buffalo, will sail February 24, via the Hamburg line, for Europe. Miss Woodard of Clinton, will accompany her.

Dr. Collier is suffering from a severe cold this week.

The firm of Robinson, Thomas & Co. will hereafter be known as Thomas & Darwiddt.

Miss Iva Kinyon was obliged to come home from her school at Whitewater on account of sickness. She was threatened with a fever, but is better.

John Milner and family recently had a narrow escape from suffocation by coal gas.

Miss Julia Miller's sister Bertha, and two children, spent a short time here last week. She left Saturday for the state of Washington, where she intends to reside.

The fact is, Mr. Herald, it was the printer's change of a "y" to a "v" that prevented the Gazette correspondent from saying that Mrs. Collier went to Cleveland. As we stated in the same column that Mrs. Collier had returned from Chicago, this explanation cannot be doubted.

FAIRFIELD.

Fairfield, Feb. 2.—Mrs. Addie Culter and Miss Mary Williams attended the Burns anniversary at Janesville. F. Tamplan and family have been visiting friends in Chicago. Miss Alice Welch is spending a couple of weeks with her cousin, Mrs. Benner of Darien. Mrs. J. Rokenbrodt of Allen Grove visited her daughter, Mrs. McCarthy, last week. Miss Angie Douglass of Clinton called on Fairfield friends last Saturday. Amos Welch of Dexter, Minn., visited his brother at this place last week. The Italia club gave a social at Wilson More's Thursday evening. Among those who shipped hogs to Chicago last week were Messrs. Chamberlain, Thompson, J. Clowes, W. More and Welch Bros. The patrons of the Fairfield creamery are well pleased with the present management of the factory. The price paid for Dec. milk averaged \$1.18 and for 4 per cent milk \$1.23. The supply of milk has increased some 400 per cent during the past month. E. Webber has decided not to continue in the mercantile business at this place and will not rebuild his residence and store, recently destroyed by fire, but has sold his property to Horace Wilkins, who has already begun work for the erection of a store building which he will rent to Dodge & Reed of Darien, who will open a branch store at this place.

ROCK RIVER.

Rock River, Feb. 1.—Lottie Gray and Belle Vincent visited Maud Williams in Janesville this week. M. A. Rose spent Friday and Saturday in Whitewater. Oliver Bond of Albion, was the guest of

his brother Ira Bond one day this week. Bible school reading at Wade Looftboro Monday evening. Miss Hattie Bowers of Aurelia, Minn., arrived Wednesday, called here by the illness of her mother, Mrs. Almira Vincent. The oyster supper which was to have been held at the home of Mr. and Mrs. Harry Greene Wednesday evening has been indefinitely postponed. Wade Looftboro is on the sick list. Charley Hudson expects to move to his new home next week. E. D. Vincent was in Janesville Monday. Four candidates will be baptized at the Milton church Friday evening, February 9, and will unite with the Rock River church the following Sabbath. M. R. Coor of Milton Junction, is spending the week at his daughter's, Mrs. Sebila Looftboro. G. B. Keith has begun filling his ice house at Clear Lake. Mrs. Almira Vincent is still failing rapidly. M. Magoon was seen on the streets Wednesday. A. P. Vincent has sold his interest in the ice tools to Harry Hinton of Milton Junction.

CAINVILLE.

Cainville, Feb. 2.—Mr. Truman Andrew received a dispatch from Dakota stating that his wife's sister, Miss Mary Coun was dead. Miss Coun spent several months here last summer and made many friends who are saddened by the news. Mr. Andrew left on the evening train for Dakota, his wife having gone there several weeks ago on a visit. Mr. Ed. Acheson of Magnolia Corners and Miss Dora Dunn of Footville were married last Sunday. Their many friends wish them success in their journey through life. The marriage of John Nealon occurred on the 29th inst. We did not learn the bride's name. Quite a number of the tobacco raisers that sold to Mr. Bookwood delivered their crop at this station Tuesday for transportation to Madison. There was a large crowd in attendance at the masquerade ball Tuesday evening at McCoy hall. Last week a demented boy about 16 years old came to the home of W. E. Andrews. He had wandered from his home at Fort Atkinson and had been sleeping nights in straw stacks. Mr. Andrew kept him until his folks came after him. Mr. Frank Wells of Footville was in town Tuesday. Mr. and Mrs. Everett Townsend are spending a week at their old home.

WOULD FIRST VISIT ROCKFORD

Beloit Groom-to-be Did Not Want His Marriage License Published.

Lester L. Davis of Beloit arrived in Janesville yesterday for the purpose of securing a marriage license. What bothered him more than anything else was the thought that the license would be published in the newspapers. He said that rather than have the notice published he would go from here to Rockford. Late in the afternoon County Clerk F. P. Starr granted Davis his license. The prospective bride is Mary E. Divine of Beloit.

An Editor's Life Saved By Chamberlain's Cough Remedy

During the early part of October, 1896, I contracted a bad cold which settled on my lungs and was neglected until I feared that consumption had appeared in an incipient state. I was constantly coughing and trying to expel something which I could not. I became alarmed and after giving the local doctor a trial bought a bottle of Chamberlain's Cough Remedy and the result was immediate improvement, and after I had used three bottles my lungs were restored to their healthy state. Thomas H. Reed on Monopolies.

Honorable Thomas H. Reed, in writing of the modern trust, does not seem to regard it either as an "octopus" or a bugaboo. "My notion," says he, "is that while Providence and the higher laws which really govern the universe are, in men's talk, much inferior to the Revised Statutes before they are enacted, they are always found to be quite superior to them after they are enacted. In fact, Nature abhors a monopoly as much as it does a vacuum." Mr. Reed's paper on Monopolies—which is to appear in The Saturday Evening Post of February 10—is a suggestive discussion of the methods of vast corporations. It discusses in a striking and original manner one of the most pressing questions of the day.

Take Warner's White Wine of Tar Syrup, the best cough remedy on earth. 25 and 50 cents. People's Drug Co.

If the Baby is Cutting Teeth

Be sure and use the old and well tried remedy Warner's Soothing Syrup, for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Twenty-five cents a bottle.

There is no better medicine for the babies than Chamberlain's Cough Remedy.

Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucus, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. For sale by Smith's Pharmacy, next to postoffice, kodak agents.

THE BIG STORE 20, 22, 24, 26, 28, S. MAIN ST., JANESVILLE, WIS.

WE KEEP THE QUALITY UP

A Great Cut IN Jackets

Quality and styles considered it is the greatest cut in prices that has been made. We have 130 high class Jackets for women on hand and offer them without reserve at just 1/2 of the former prices. Do not confound these jackets with the ordinary run of garments that are being advertised at half price.

Such a Chance...

To buy Jackets so well made and of such excellent cloth and so well lined is rare indeed. Many of them are lined with Skinner Satin, guaranteed to wear for two years.

A \$10.00 Bill...

Will buy a Jacket that sold for \$20, and you know what that means at this store.

A \$5.00 Bill...

Takes a \$10 Jacket. Think of the saving.

Capes...

Of these we have shown all the season values that have made competitors stagger. Time after time women have looked here first, then ransacked the town to try and do better, only to return satisfied that they could not find Capes that approached ours for sterling worth.

We Are Not...

Offering Capes at half price, but we are offering them very low, both Cloth and Fur Capes. Our assortment of Capes is very good and at present prices like gold dollars for 90c, as we could not buy them today at the figures we are selling them for.

You Ask Why? ? ?

Because the cloth and plush they are made of are both so much higher, like many other things.

THIS DAY IN HISTORY.

1651—Sir William Phips, of Phips, famous as governor of Massachusetts, born in Pennsylvania, Me.; died 1695. Phips' career began on board a ship, where he served as carpenter. He then built a vessel of his own and amassed a fortune by raising vessels wrecked off the Bahamas. He commanded the naval forces at the siege of Quebec in 1690.
1813—Treaty of peace between the United States and Mexico signed at Guadalupe; end of Mexican war.
1885—General David Hunter, a veteran of the Union army, died at Washington; born there 1802.
1888—Mary Howitt, English authoress, died at Rome; born 1804.
1894—The famous war vessel Kearsarge, which annihilated the Confederate cruiser Alabama in 1864, wrecked during a storm on Rockator reef, in the Caribbean sea.
1897—Infanta Maria Louise Fernando (Duchess of Montpensier) of Spain, sister of Queen Isabella, died in Madrid, aged 65.
1899—Rev. Dr. C. S. Robinson, noted Presbyterian hymn writer, died in New York city; born 1829.

STATES BRYAN HAS LOST.

New York Sun: To Senator Teller of Colorado is ascribed the prediction that the only one of the Western or Northwestern states that went for Bryan in 1896 in which there will be a change this year is Wyoming. Wyoming was carried by Bryan in the election of 1896 by 800 votes in a total of more than 20,000, but since then it has swung into and seems likely to remain in the Republican column, having been carried by the Republicans in the election of 1898, when a governor and state officers as well as a member of congress, and members of the legislature were chosen. That Wyoming will probably reverse in 1900 its record of four years before in the contest for presidential elections is regarded as certain by Republicans and conceded as probable by Democratic leaders in Washington, but it is by no means clear that the other Western and Northwestern states which were carried by the fusion of Silverites, Populists, Democrats and Silver Republicans will remain in the Democratic column this year.

Bryan carried Colorado by 135,000 plurality, Idaho by 16,000, Montana by 32,000, Nevada by 6,400, South Dakota by 183, Utah by 32,000, Washington by 12,000 and Wyoming by 600. The abnormally large majorities of the Democratic nominees in Colorado and Utah are in part explained by the fact that there is equal suffrage, male and female in those two states and that the record of majority is therefore, nearly double what under a like division of votes would have been the case in a state in which the suffrage is limited to male citizens.

South Dakota in the Bryan column was carried by the fusion nominees for governor in 1898, but the other state officers elected were republicans, and a majority of the legislature elected is republican. There was no state canvass last year, but judicial nominees were voted for in November, 1899, with the result that the republican candidates polled 24,000 votes and the democratic candidates 18,000, a substantial republican lead which gives very little promise of democratic success in next year's election. Nevada, which is uncontestedly a strong silver state, has an electorate of only 10,000, and in the contest of 1898, the last state election succeeding the presidential contest of 1896, the plurality for the silver candidate for governor was twenty-two votes. He defeated the republican nominee by that number, the democratic candidate being 1,500 behind. Since then United States Senator William M. Stewart, one of the most ardent and eloquent of the western silverites, has detached himself from the democratic party and has now a place in the republican caucus in Washington. On the ordinary issues which divide the two parties, Nevada is again, as heretofore, republican, and its electoral votes are likely to be found in the republican rather than the democratic column in 1900, unless the question of silver should again become the dominating and determining issue of the canvass. Washington has swung back into the republican column and at the election of 1898 was carried by the republicans by 3,000 majority.

From these indications, therefore, Montana, Colorado, Utah and Idaho would seem to be the only states secure for fusion in 1900—one-half of the number carried by Bryan in 1896. California and Oregon and North Dakota were republican at the last presidential election.

DECIDE UPON NEW CABINET OFFICERS

Probable That a Department of Commerce and Industries Will be Organized.

Washington, D. C., Feb. 2.—The senate committee on commerce has practically decided on a favorable report upon a bill establishing a new cabinet office to be known as the Department of Commerce and Industries. Owing to a desire to change some of the details of the measure it will not be reported for some time.

This measure will in all probability, become a law at this session as it is generally indorsed, but there will have to be a great many radical changes so as to satisfy some of the cabinet officers who will have half of their departments taken from them if the measure is adopted.

The bill provides for the appointment of a Secretary and Assistant Secretary of Commerce and Industry, who shall be chosen by the President with the advice and consent of the senate. The new department will have jurisdiction over foreign and internal commerce, except so far as relates to the collection of revenues and the administration of customs and revenue laws.

It will also have jurisdiction over all matters relating to manufacturing interests, including the extension of foreign markets. The new secretary will perform all the duties now incumbent upon the secretary of the treasury in relation to trade and commerce, whether upon land or sea.

PAYING LAW ALL RIGHT

Supreme Court Holds That
General Charter Section
is Constitutional.

DECISION FOR DEFENSE

Work Done in Janesville and
Elsewhere is Declared
to be Legal.

Case of Ella D. Adams, Versus the City
of Beloit and County Treasurer
Thorpe Furnished the Test, and the
Decision of the Lower Court is Up-
held by the Supreme Court—De-
cision of Great Importance as It
Effects Many Cities.

The supreme court this morning rendered a decision upholding the legality of the street work done under the general charter law.

The news of the decision came in the form of a telegram to District Attorney W. A. Jackson.

The case involving the point was the action of Ella D. Adams of Beloit, against the City of Beloit, and A. O. Thorpe, treasurer of Rock County. Mrs. Adams refused to pay for work done on the street upon which her property abutted, on the ground that the law under which the work was done was unconstitutional. Her lands were ordered sold for the unpaid tax. The sale was enjoined, thus making the county treasurer a party to the action.

The case was tried in the circuit court, the court upholding the law. An appeal was taken to the supreme court, and the case was argued last November, but no decision was handed down until this morning.

The opinion was written by Chief Justice Cassoday.

Ruger & Ruger appeared for Mrs. Adams, while John C. Reed, city attorney of Beloit, and District Attorney Jackson appeared for the winning side.

The case is of great importance to Janesville and other Wisconsin cities. The pavement on West Milwaukee street was put down under the provisions of the same law, and considerable other work had been ordered done on other streets. The decision covers all these cases, and the council's action is declared to be legal.

It is said that twenty-six cities in Wisconsin were doing street work under the law, so the importance of the decision is apparent.

MILITIA BOYS WANT MACLEAN CAPTAIN

Local Popular Livestockman is the Choice
of Those Who Want to Form
Local Company.

Those at the head of forming a local military company state that when the time arrives the office of captain will be tendered to Collin C. MacLean of this city.

Just at present there is considerable doubt as to whether or not the adjutant general will sanction the forming of a company in Janesville. Definite information on this point is expected from Madison within the next few days.

As yet Mr. MacLean has not been informed of any such move on the part of those at the head of the local movement.

A better man for the position would be hard to find. Mr. MacLean was a member of one of the first militia companies formed in Janesville—a company that all Rock county took pride in.

At a meeting to be held a week from next Tuesday evening at the Armory something definite will be reached towards leasing the Armory in case a company is formed here.

AMPUTATED McQUADES ARM

Young Man Injured By the Cars Suffers
As Result of Operation.

James McQuade, recently injured by being struck by a train in this city, suffered the amputation of his left arm this afternoon. Dr. Joe Whiting performed the operation taking the arm off between the elbow and shoulder. The bone in the arm was badly shattered and amputation was found necessary on this account. McQuade was resting as easy as can be expected. Serious results may follow.

FOUGHT FIRE WITH BROOM AND WATER

MRS. WILLIAM ROSS SAVES HER
FOREST PARK HOME.

Bravery on Her Part Was All That
Prevented a Serious Conflagration—
Adjoining Homes Were But a Few
Feet Away and a Brisk Wind Was
Blowing.

Presence of mind and bravery on the part of Mrs. William Ross prevented the destruction of her Logan avenue, Forest Park home, by fire this morning. With one entire portion of her sitting room afire, Mrs. Ross bravely fought the flames with a broom that she repeatedly dipped in pails of water that stood near.

Her three year old son remained in an adjoining room, and although badly frightened, he remained quiet at the request of his mother.

At 10 o'clock Mrs. Ross went into the kitchen to get her son something to eat. On entering the kitchen she smelled smoke. Thinking that something was wrong she entered the sitting room only to be greeted by a sheet of flame and clouds of smoke. Off from the sitting room there is a bed room. Heavy curtains separate these two rooms. It was this portion of the room that was afire. The curtains and the woodwork were all ablaze; the flames were fast eating their way to the ceiling. Instead of rushing out of the house to give the alarm Mrs. Ross ran to the kitchen and there secured a pail of water and a broom.

Half suffocated by smoke and flame the brave little woman fought what at first seemed like a useless task. Neighbors were soon to the rescue and the flames were put under control. The house was badly damaged by smoke. The damage by fire will amount to \$50.

Mrs. Ross is wife of County School Superintendent William Ross. She escaped being burned. Cause of fire unknown. Residents of Forest Park on Logan avenue claim that they have poor fire protection and that the nearest fire hydrant is several blocks away.

YESTERDAY'S FIRE LOSS \$1400

Chief Spencer Checks Up the Damage Done and Amount of Insurance

The total loss on the building and its contents will not aggregate more than \$1,400, Chief Spencer says.

The loss on the building is about \$800, with \$700 insurance. This loss is total as the fire limit ordinance prevents its being replaced.

The horses owned by Messrs. Reed and Miller were not insured in Janesville companies but in the town of La Prairie and Harmony Mutual companies. Mr. Reed's loss is placed at \$400 and Mr. Miller's at \$100.

Mr. Barnard's horse was insured for \$100, while Thornton's horse, valued at \$25, was not insured.

James Gurdner's loss on dogs is placed at about \$300, with no insurance.

Anton Behrendt also suffered some loss because of the damage, of hay, etc., in his barn, resulting from bursting hose.

DEATH OF MRS. NICKERSON

Resided in Janesville. Where She Will Be Remembered by Many

Mrs. David Nickerson, a former resident of Janesville, died at her home in Chicago on Wednesday. She was sixty-four years of age, and besides a husband leaves three daughters and one son. The remains will arrive in Janesville tomorrow at noon on the Northwestern road, and will be taken direct to Oak Hill cemetery.

madening Months.

Contrary to the general opinion more people go mad during the summer months than in the usually gloomy and dull months of November, December and January, when times are bad and the general conditions appear more conducive to insanity. Not only in this country, but also in many others, it is found that more people go mad during May, June and July than during the other portion of the year, and that suicide—which is due to some form of insanity—is also more prevalent during the summer.

ROESLING AND KEMP DRAW CHURCH PLANS

ST. MARY'S CATHOLIC EDIFICE
TO BE IMPOSING STRUCTURE.

Plans Will be Accepted After Some
Alterations are Made—Cost Estimated Between \$25,000 and \$30,000—Members and Friends of the Church Respond With Cash.

Fred Roesling, Janesville, and F. H. Kemp, Madison, have submitted plans for the erection of the proposed new St. Mary's Catholic church, to be erected at the corner of Wisconsin and North First streets. After certain alterations are made, the Roesling & Kemp plans will be accepted by the committee.

The plans are most complete, and call for a model edifice that will be a credit to that portion of the city. The church will be built of cut stone and brick, and the interior will be finished in handsome style.

The altar will be as beautiful and imposing as any in this portion of the state. The total cost will be between \$25,000 and \$30,000. Much of this needed cash has already been pledged through hard work on the part of Rev. Father Goebel. Just as soon as mild weather sets in the present church will be moved on the vacant lot owned by the church, corner of Prospect avenue and Wisconsin streets.

With the setting in of spring work on the new church will be rushed to completion. Nothing definite has yet been done towards disposing of the present frame edifice.

DEATH OF CARDINAL JACOBINI

May Lead to the Promotion of Satolli to Fill the Vacancy.

Rome, Feb. 2.—Cardinal Domenico Maria Jacobini, vicar general to the pope, died yesterday, after an illness of several weeks. It is expected in Catholic official circles that the pope will appoint Cardinal Satolli vicar general as his successor.

Story That Buller Has Renewed Attack Not Confirmed.

SILENCE AT THE WAR OFFICE.

Military Critics Insist That Another Division Should Be Hastened to the Front—The War Being Fought Over in Parliament.

London, Feb. 2.—The war office announces that nothing had been received from South Africa for publication, and there is nothing new from other sources. The report that Gen. Buller had encouraged his troops to hope that they would be in Ladysmith in a week is confirmed by several correspondents, and the fact is adversely criticized here. To it presumably can be ascribed a report launched Thursday, on professed good authority, that Gen. Buller had again crossed the Tugela river at three points and that fighting was progressing. The war office disclaims any knowledge of the report.

The Spearman's camp correspondent of the Telegraph, in a dispatch dated Jan. 20, records a strong cavalry reconnaissance in the neighborhood of Hlong's spruit, which may have formed the basis of the report.

Buller Needs Men. The military critic of the Morning Post, commenting on the latest dispatch from that paper's correspondent at Spearman's camp, contends that Gen. Buller, who is understood to have 25,000 men, ought to be re-enforced with another division. He fails to understand why the war office or Gen. Lord Roberts will allow another attack with a less proportion than three British soldiers to one Boer. He says: "Apparently, however, a third attempt will be made; indeed, it seems probable that it is now progressing."

All reports from other centers indicate that the situation is unchanged.

Kelly-Kenny at Thebes. The Daily News' Cape Town correspondent, in a dispatch dated Jan. 29, represents Gen. Kelly-Kenny's force at Thebes to be 1,000 men, besides a considerable force at Schoonbe, twenty miles to the westward.

The Telegraph's correspondent at Queenstown, Cape Colony, predicts an early advance of the colonial division under command of Gen. Brabant.

It is reported that the British have occupied Prieska, Cape Colony. Prieska is in northern Cape Colony, due west of Orange River station.

A message received from Kimberley states that the bombardment for the last three days has been hotter than ever. More than 1,000 shells have been thrown into the town during that time.

The men who were wounded in the battle on Spion Kop are arriving at Durban. There are ample accommodations for them on the Maine and four other hospital ships.

Hot Debate in the Commons. During the debate in the house of commons Thursday Sir Charles Lillie, advanced radical, editor of "The British Army," "Problems of Greater Britain," "Imperial Defense," and other works pertaining to the empire, declared that the campaign in South Africa had been conducted in a worse manner than the Crimean campaign, and that it had been disastrous to the belief of the world in Great Britain's ability to conduct a war.

British military reputation, he said, had never stood lower. It was only redeemed by the individual courage of the troops. It was certain that in possible future wars with great powers, time would not be allowed for muddling at the beginning of hostilities, and if such muddling was going to be regarded as a matter of course, defeat would be inevitable.

Wyndham in Defense.

Mr. George Wyndham, parliamentary secretary of the war office, defended that department. In his speech he gave the details of the present British military strength in South Africa, which he placed at 452 guns, including 36 siege and 23 naval guns, and 142,800 unmounted and 27,800 mounted men. He deprecated the opposition's amendment to the address in reply to the queen's speech on the ground that nobody outside the house would understand that it originated in mere party maneuvers. Referring to the impending demand for a large credit, Mr. Wyndham intimated that it would not only be for the purpose of prosecuting the war to the only conclusion the country would tolerate, but in placing the British system of military defense on a sounder basis.

Both Sides Make Concessions.

Indianapolis, Ind., Feb. 2.—The miners and operators' scale committee met again Thursday and made a vain effort to come to terms. At the afternoon session there was a sudden adjournment, the respective sides reporting to the operators and miners' meeting that they had been unable to agree and that more time would be necessary. This was granted. The feeling is better and it is freely predicted that there will be a settlement of all differences and a satisfactory adjustment of demands.

Indiana Oil Field Deal.

Hartford City, Ind., Feb. 2.—The Midway Oil company has sold its oil property in Washington township.

Blackford county, to Cleveland parties for \$53,000. The holdings consist of 700 acres of leases and twenty-four producing wells. Less than a year ago the Midway company purchased the property for \$6,500. This is one of the biggest deals recently made in the Indiana coal field.

TO DECIDE STRIKE QUESTION.

Building Trades' Council Will Hold an Important Meeting Tonight.

Chicago, Feb. 2.—The meeting of the Building Trades' council tonight will decide the question of whether or not a strike or a lockout among the building trades will be begun on Monday. That the leading contractors in the city are preparing for the struggle is evident. Several of the largest firms have notified their men that they need not return to work on Monday if the labor difficulty is not settled before that time. Leading members of the Building Trades' council do not conceal the fact that they regard the situation as serious, although President Carroll of the council declares he believes there will be neither a strike nor a lockout on Monday.

WANTS SHIP CANAL MADE.

Joint Resolution in Ohio Legislature Aids for Congressional Action.

Columbus, Ohio, Feb. 2.—Senator Long has offered a joint resolution in the Ohio legislature declaring that the commercial interest of western Ohio as well as all the territory tributary to the great lakes and the Ohio and Mississippi rivers, imperatively demand the immediate improvement and enlargement of the Miami and Erie canal from Toledo to Cincinnati, as a ship canal, to supply the only missing link in the great highway of trade, between our inland seas and the gulf, and memorializing congress to take such action in the premises as the importance of the enterprise demands.

Arrested on Murder Charge.

Sioux City, Iowa, Feb. 2.—Oscar A. Goodrich, a prominent contractor, was arrested Thursday by Sheriff C. W. Jackson on a charge of murdering John E. Robson Dec. 29. Goodrich and Robson were for twelve years business partners. The arrest has caused a great sensation. Henry Morrison, a private detective, declares he has sufficient evidence in his possession to secure the conviction of Goodrich.

Found Dead by the Roadside.

Saginaw, Mich., Feb. 2.—On Tuesday night Miss Cora Crane, 21 years old, daughter of Mr. and Mrs. Hiram Crane of Brant Center, this county, went out to visit a neighbor about 100 rods away from her home. Not returning in due season, her parents searched for her, and found her body in the ditch by the side of the road. She had just recovered from diphtheria, and death was caused by heart failure.

Mrs. Edith Quick T. Killed.

Peru, Ind., Feb. 2.—The state's case against Mrs. Edith Quick, and the defense will finish today. Mrs. Quick was on the witness stand over two hours to testify in her own behalf. She made a complete denial of every point brought out by the state's witnesses. She said her married life was happy, and she did not aid in poisoning her husband.

Found Guilty of Murder.

Levinston, Ill., Feb. 2.—J. C. Hillyer, an old soldier, has been convicted of the murder of Cora Peters, and his punishment fixed at twenty-five years in the penitentiary. The girl was found dead Dec. 23 at the south end of the Chicago, Burlington & Quincy railroad bridge, three miles south of this city. Hillyer was last seen with her. He said she was killed by a train.

Winter Navigation on the Lakes.

Menominee, Mich., Feb. 2.—The steamer Algoma has arrived from Sturgeon bay through ice in some places two feet thick. This assures the success of keeping a channel open for the Ann Arbor car ferry, as the weather has averaged 10 degrees below zero for the past four days, and hereafter two boats will run here daily.

More Trouble for Roberts.

Salt Lake City, Utah, Feb. 2.—When Brigham H. Roberts, the ejected congressman from Utah, steps from the train tonight he will in all probability be welcomed by the sheriff of Salt Lake county with a warrant for arrest, charging him with unlawful cohabitation with Dr. Maggie Ship Roberts, one of his plural wives.

PHILIPPINE REPORT IS IN.

First Volume Has Been Placed in President's Hands.

MANY SUBJECTS ARE TREATED.

Proceedings in Congress—Sunday Bill in Danger—President Hill Opposes It—Senator Daniel Discusses Bimetallism—No Mileage for Roberts.

Washington, Feb. 2.—[Special Telegram.]—President McKinley today sent to congress the first volume of the voluminous report of the Philippine commission.

The report gives a full description of the efforts made by the commission while at Manila to terminate the insurrection and secure pacification of the islands. Some space is devoted to the population of the Philippines. The following subjects are treated in the order given: Education, government, the judicial system, naval matters, the clergy and religious orders, the registration law, the law of marriage, the currency, the Chinese in the Philippines, public health. There is also presented a scheme of government outlined by a leading Filipino. Another exhibit is a list of the mortuary holdings of the Philippines and a scheme for a sanitary board.

Subsidy Bill May Pass.

The prospect is not bright for the ship subsidy bill becoming a law during this session of congress. The hearings have been finished in both house and senate committees. The subcommittee in the senate is expected to report to the full committee at the next meeting, but executive sessions have not yet begun in the house committee.

Such amendments as have been adopted by the subcommittee of the senate have been in the direction of conciliating the Pacific slope, where there is more or less opposition to the bill as introduced. President J. J. Hill of the Great Northern railroad has been urging the senators from the states of the northern tier and the Pacific slope to hold out against the bill, in its present form. Mr. Hill contends that subsidies, if granted at all, should be to encourage pioneer lines to open up trade with the orient and South America, and this can only be done by giving help to the ships that will be put into service to carry freight without so much regard to speed.

Financial Bill Discussed.

In the senate Thursday the financial bill was taken up for discussion, and Mr. Daniel (dem., Va.) addressed the senate. He said that the American people had always favored bimetallism, and that the democratic party had been its most pronounced and consistent advocate. Mr. Daniel then went on to criticize the various provisions of the bill. He denied that this was, as claimed in the bill, a gold-standard country, and he mentioned six facts to prove that denial. Looking behind the law to equity, Mr. Daniel said that the equities were all in favor of silver, and that creditors should be satisfied and glad to have their debts paid in silver. After some questions by Mr. Aldrich, who also answered some of Mr. Daniel's objections, the senate adjourned.

Proceedings in the House.

The latitude allowed in the committee of the whole of the house on the state of the union, in debate on a general appropriation bill, permitted Mr. Sibley of Pennsylvania to give additional evidence of the fact that he is drifting away from his democratic associates by making an eloquent plea for territorial expansion. This he declared, had been the policy

EXCELLENT RESULTS.

They Have Resulted in a Steady Gain of Popularity.

People Who are Ever Ready to Recommend.

What Has Done Them Much Good. The people of Jamestown feel very grateful for the great benefit they have received from the use of Morrow's Kidney-cure, the great remedy for backache, dizziness, sleeplessness, nervousness and all diseases arising from the kidneys. Morrow's Kidney-cure where other remedies have failed and the people of this city have not been slow to find this out, and they add their testimony that their friends may know what to use and get cured.

Mrs. F. L. Kimball, 160 Linn street, says: "I have been a sufferer from kidney and liver troubles for the past two years. I could not sleep on account of nervousness. I had palpitation of the heart, sinking and dizzy spells, and suffered a great deal from nervous headache and rheumatism. I was treated by doctors, but they gave me only temporary relief. By using Morrow's Kidney-cure an Liver-cure for three days I have been greatly relieved of all my troubles. I will continue to use these great remedies."

Morrow's Kidney-cure is not pill, but yellow tablets, and sell at fifty cents a box. Morrow's Liver-cure are small red granules and sell at twenty-five cents a box by all druggists and by The People's Drug Co.

of the democratic party from the organization of the government to the close of the administration of James Buchanan, whom he characterized as the last democratic president, and he invited his colleagues to return to it. He was warmly congratulated by the republicans.

In the further course of the debate Mr. Shaforth of Colorado expressed a desire for the United States to intervene between the British and Boers in South Africa; Mr. Ridgely of Kansas advocated a change in the laws regulating the lease of Indian lands; Messrs. Talbert of South Carolina, Klutz of North Carolina and Griggs of Georgia replied to Mr. Linney's speech on lynching of Wednesday. Mr. Cochran of Missouri, replying to Sibley, marshaled the objections to the annexation or control of the Philippines, and Mr. Gages of Georgia agreed that the constitution, under the decisions of the Supreme court, applied to Hawaii and Puerto Rico.

Roberts Refused Mileage.

The claim of Brigham H. Roberts of Utah for mileage in connection with his contest for a seat in the house has been rejected by the house committee on mileage. Mr. Roberts put in a claim for mileage from Salt Lake City to Washington, 2,597 miles, and return, at the usual rate of 20 cents a mile each way, making a total of \$1,038.80.

Cost of Foreign Service.

Washington, Feb. 2.—The bill making appropriations for the diplomatic and consular service for the coming fiscal year has been completed by the house committee on foreign affairs. It will carry a total of \$1,740,408, as against \$1,711,533 for the current year. The estimates of the state department were \$1,895,848.

John W. Johnson Appointed.

Terre Haute, Ind., Feb. 2.—Internal Revenue Collector Henry has appointed John W. Johnson of Princeton, Ind., successor to G. R. Stormont of Princeton, deputy collector for the Evansville division of the district. Mr. Stormont has been appointed commandant of the Indiana soldiers' home.

Engineer Killed and Fireman Hurt.

Akron, Ohio, Feb. 2.—A fast east-bound passenger train on the Erie railroad ran into a freight train which was backing on to a siding. Passenger Engineer John Diddy of Galion was killed and George Keal, his fireman, was badly hurt.

Texas Farmer Is Assassinated.

Fort Worth, Texas, Feb. 2.—James Jarman, a young farmer living near Mansfield, this county, was called to the door late Wednesday night and assassinated. The assassin has not been apprehended.

WHAT WOMEN ARE DOING.

BY ANNETTE CRAWFORD.

Some of the Unusual Activities of the "Unquiet Sex."

An anxious mother from Creston, Ia., with seven children to look after was recently en route to Wichita Falls, Tex.

She had read of the perils of travelers in big cities, so she provided herself with a 20 foot rope and separate pieces of twine against emergencies.

On arriving in a city she fastened one end of the rope about her waist and the other end to her eldest child. The remaining six children were fastened to the rope with the binding twine. They attracted considerable attention in chaug-

ing cars, the 20 feet of rope trailing behind the mother and the little ones fastened to it at every few feet. Mrs. William B. Lowe of Atlanta, president of the General Federation of Women's Clubs, has been appointed honorary president from America of the woman's board of the Paris exposition.

Mrs. W. Y. Atkinson of Georgia, widow of the late governor and well known in the best social circles of the south, has just become state agent of several fire and life insurance companies. While it takes courage for a woman to enter fields where women are already in competition with men it calls for heroism for one to enter a line which has heretofore been assigned to men alone.

Mrs. Helen Morris Hadley recently started on a continental tour with her husband, Dr. Arthur T. Hadley, president of Yale university, to arouse the alumni of old Eli to the need of raising \$3,000,000 for the bicentennial. She is a Vassar graduate and has always been at her husband's side in the preparation of his educational and platform work.

Mrs. L. Z. Letter, mother of the vicereine of India, has just sailed for England. From there she will go to Cairo, where she will pass the winter with her two unmarried daughters.

The wife of General Joubert, commandant general of the Boer forces, has always campaigned with her husband and not only looked after his mess arrangements, even to cooking his meals, but is said to have inspired some of his military maneuvers.

The beautiful ex-queen of Naples took to the field more than once with her husband and, donning an officer's uniform, fought as bravely as any of his soldiers. It is said of her that when bullets and shells were raining the bravest she would infuse new courage into her soldiers by showing her contempt for danger.

Mrs. Charles L. Fair received as a Christmas present from her husband a Russian sable evening cape. The softness and silkiness of the 20 skins that were used in its manufacture can scarcely be overestimated. Three years were required for collecting and matching the skins, and their united value is in the neighborhood of \$10,000.

Mrs. Emma Hull, wife of Representative Hull, chairman of the military committee of the house, is considered the best parliamentarian among the congressional women. She was constantly engaged in relief work during the war and has just been appointed a vice president of the Cuban provisional Red Cross.

The oldest known love letter in the world is in the British museum. It is a proposal of marriage for the hand of an Egyptian princess, and it was written 3,500 years ago. It is in the form of an inscribed brick and is therefore not only the oldest, but the most substantial love letter in existence.

Mrs. J. Von Wagner is the first woman in this country to pass a civil service examination for sanitary inspector. She is a New Yorker and a professional nurse.

The beautiful Marchioness of Londonderry, who turned the tides of the mob directed toward her husband into cheers at the opera in London, is coming to attend a wedding in Washington.

Mrs. Winifred Sweet Black, a clever journalist of Chicago, is the only newspaper woman who has ever gone to the leper settlement out in that gloomy island in the Pacific. With Sister Rose Gertrude she traveled the length and

breadth of the island, writing graphic stories of the wretchedness and misery she encountered. As Annie Laurie she is well known on the Pacific coast. It was through her aid that the Children's hospital in San Francisco opened its doors to innumerable boys and girls alike.

Among the most precious possessions belonging to Mrs. Bertha Spitz of San Francisco is an elaborately worked invitation from the king of Siam requesting her presence at a festival given in honor of the royal birthday. Mrs. Spitz attracted much attention while traveling in the east through her musical talent.

One of the most important educational developments of the present day is being inaugurated in Chicago by Miss Mary R. Campbell. She is devoting her life to the study of weak and defective children. There are many slightly defective children but little below the normal who cannot without injury to themselves study in the ordinary private or public school. It is for these that Miss Campbell is working. She hopes to overcome by her method many of the mental and physical peculiarities and to bring their minds as nearly as possible to a normal mentation.

One brave woman who returned from the Klondike with a fortune in Cape Nome gold will go back to her home in Sweden to enjoy the fruits of three years' labor, amounting to nearly \$100,000. She went to Dawson with her husband, traveling many miles over the arctic wilderness on snowshoes.

A Denver woman, Mrs. A. A. Blow, has suddenly become the intimate of princesses and duchesses abroad. It is all due to her being the originator of the idea of equipping the hospital ship Maine. The idea is generally credited to Lady Randolph Churchill. She requested Lady Randolph to head the movement on account of her larger experience of English life.

Mrs. Ray Devereaux, who was a special correspondent for the London Post in the Transvaal, has recently published a book the title of which is "Side Lights in Africa." Miss Claire Ferguson occupies the unique position of deputy sheriff of Salt Lake City. She is also private secretary to the sheriff.

The "Old Maids' club" in a far western city, with the object of protecting its members against the wiles of designing young men who seek to ensnare them, has recently met with a setback. The president unexpectedly became engaged and married, another member followed her example, and now the few remaining girls of the "Old Maids' club" are looking askance at each other, and every one of them expects from sister members treachery or elopements, while the fate of the organization hangs in the balance.

Miss Faunie Mickles is the new pastor of the Christian church at Knox, Ind. She is said to be the only woman minister of the Christian denomination in the central west. Though this is her first charge as pastor of a congregation, she has shown herself capable of performing all the duties devolving upon one in her station, from performing a marriage ceremony to officiating at a funeral. She is about 30 years old, but she looks ten years younger.

San Francisco has a new find. Boxing is listed as a womanly accomplishment. Physicians concede it the most scientifically beneficial of all exercises for the body and mind. Several fashionable women are said to be quite skillful in "the manly art."

New York society is enthralled by the beauty of Miss Phyllis Langhorn, a debutante of the season. She is one of a group of beautiful sisters from the south who have made notable marriages. Mrs. Charles Dana Gibson, Mrs. Monique Perkins of Richmond and Mrs. Robert Shaw, third, of Boston are all of the well known Langhorn family.

Mrs. Edward Pearmaine, wife of a Boston banker, has not only brought up three beautiful children during the seven years of her married life, but she has also found time to add the degrees M. A. and B. S. to her A. B. received at Wellesley college in 1890.

\$100,000 Blaze in Indianapolis.

Indianapolis, Ind., Feb. 2.—Fire broke out late Thursday night in the wholesale grocery district of South Meridian street. The flames originated in Stout & Co.'s wholesale grocery store, which was completely gutted, with a loss of \$50,000. The flames communicated to A. Kiefer & Co.'s drug house, where an immense quantity of whisky and chemicals was stored, causing a loss of \$25,000. To the south the Brinkmeyer & Kuhn wholesale grocery house suffered from the flames, which had communicated to the roof and upper floors. The loss of the firm was \$25,000. The Hendricks-Vance leather concern's stock was heavily damaged by water. All the losses are covered by insurance.

Glad to Leave Africa.

Mobile, Ala., Feb. 2.—Green Williams (colored) arrived here Thursday from Freetown, South Africa, accompanied by his wife and two children. Williams says he left Savannah, Ga., for Liberia two years ago with several hundred colored emigrants. On arrival there, Williams says, he found a number of American negroes on the verge of starvation and very anxious to return home. Williams says he made on an average of 20 cents per day picking coffee, and was given the roughest of food. The emigrants who landed there when Williams did were in financial straits a month after landing and many were living in caves.

Banker Cole Held to Grand Jury.

Boston, Feb. 2.—Charles H. Cole, formerly president of the Globe National bank, and who is charged with embezzling and misappropriating \$900,000, the property of the bank, waived examination and was held in \$50,000 bond to the grand jury of the District court, which sits March 20. Benjamin E. Smith and Benjamin W. Wells of Boston, were accepted as sureties. Cole was brought here early in January from Los Angeles, Cal.

Big Fire at Dayton, Ohio.

Dayton, Ohio, Feb. 2.—An overheated boiler in J. P. Wolf's tobacco warehouse exploded Thursday morning and a fire followed, causing \$500,000 loss. The east wall of the Wolf & Sons building caved in, burying beneath it three Bremen—George Coy, George Nienaber, and George Griesheimer. Coy probably will die.

Found Guilty of Manslaughter.

Charleston, Ill., Feb. 2.—The jury in the case of Charles Wilder, charged with the murder of Arlie Hughes, returned a verdict of manslaughter. Wilder will be taken to Pontias, being under age. This was his second trial, the jury disagreeing the first time.

Dowie Has the Cash.

Waukegan, Ill., Feb. 2.—Dowie's agents have bargained for the immediate possession of all the land in section 22, town of Benton, and will pay for it as soon as the titles have been examined. The sum of \$122,750 will be paid.

Cardinal Jacobini Dead.

Rome, Feb. 2.—Cardinal Jacobini is dead. He has been ill for several weeks of nephritic diabetes. Last November he was made cardinal vicar to succeed Cardinal Parocchia.

Natives of Samoa Quiet.

Auckland, N. Z., Feb. 2.—Apia (Samoa) advices of Jan. 24 state that the natives are more settled than at any time since the commencement of the disturbances.

Price of Iron Advanced.

London, Feb. 2.—The Staffordshire Iron Works company has advanced the price of iron 10 shillings per ton.

Supposed Case of Smallpox.

Benton Harbor, Mich., Feb. 2.—What is believed to be another case of smallpox has appeared here.

Eczema! The Only Cure.

Eczema is more than a skin disease, and skin remedies can cure it. The doctors are unable to effect a cure, and their mineral mixtures are damaging to the most powerful constitution. The whole trouble is in the blood, and Swift's Specific is the only remedy which can reach such deep-seated blood diseases.

Eczema broke out on my daughter, and continued to spread until her head was entirely covered. She was treated by several good doctors, but grew worse, and the dreadful disease spread to her face. She was taken to two celebrated health springs, but received no benefit. Many patent medicines were taken, but without result, until we decided to try S. S. S., and by the time the first bottle was finished, her head began to heal. A dozen bottles cured her completely and left her skin perfectly smooth. She is now sixteen years old, and has a magnificent growth of hair. Not a sign of the dreadful disease has ever returned.

H. T. Shonn, 2704 Lucas Ave., St. Louis, Mo.

Don't expect local applications of soaps and salves to cure Eczema. They reach only the surface, while the disease comes from within. Swift's Specific

S. S. S. For The Blood

is the only cure and will reach the most obstinate case. It is far ahead of all similar remedies, because it cures cases which are beyond their reach. S. S. S. is purely vegetable, and is the only blood remedy guaranteed to contain no potash, mercury or other mineral. Books mailed free by Swift Specific Company, Atlanta, Georgia.

"Every married man must ask his wife's permission to make a success." That was a saying of a wise old clergyman who knew that marriage was a partnership in the broadest sense, and that there can be no success in any partnership in which the partners do not contribute equally to make success possible. For this, if for no other reason, every man who is trying to climb the ladder of success should be interested in his wife's health. A healthy woman is always helpful. A tired, nervous woman, depleted in strength and depressed in mind, can contribute neither mentally nor physically to a husband's success.

The remarkable remedy, Dr. Pierce's Favorite Prescription, so strengthens the organs peculiarly feminine, dries up debilitating drains, heals ulcerations and inflammations, and cures female trouble, that the causes of ill health are thus removed, and the healthy, happy wife becomes a genuine help-mate to the husband.

"I was sick for twelve years, and for two years I had to stop work altogether," writes Mrs. Bell McCrobie, of Oakland, Garrett Co., Maryland. "I was treated by five different physicians, who pronounced my case Bright's disease, impoverished condition of the blood, and uterine trouble. I suffered a great deal with pain in both sides and much tenderness in pressing over the womb. I was bloated at times in bowels and limbs. Was troubled with a disagreeable discharge from the internal organs. I could not sleep and was troubled with palpitation of the heart. Suffered a great deal of pain in my head, temples, forehead and eyes, and I also suffered excruciating pain at monthly periods. Since taking eleven bottles of Dr. Pierce's Favorite Prescription, I have enjoyed better health than I had for more than twelve years previously, and have gained in weight twenty-five pounds since taking your medicine."

Sick women can consult Dr. R. V. Pierce by letter, addressed to Buffalo, N. Y., absolutely without charge. Each letter is read in private, its statements held in sacred confidence, and all answers are mailed, sealed in plain envelopes, without advertising or other printed matter. It is a good thing to keep Dr. Pierce's Pleasant Pellets in the house. One Pellet is a laxative, two a cathartic dose.

A BUSINESS Proposition

"If You See It In The Gazette It is New and True."

The price of The Gazette is fifty cents per month, or \$5 per year if paid yearly in advance. The Gazette asks no charity. If people think it is worth the price we will be much pleased to deal with them. If not, we do not ask them to subscribe. We are getting out the best possible paper at the price, and selling it upon its merits. We are not selling it under false pretenses, but like any other business concern of good repute, we seek to give full value received for every dollar we take in.

This issue is a fair sample of our paper, and we would be pleased to have your subscription—if you think it worth the price. Order it by telephone 77-2 rings—either the Wisconsin or Rock county lines, at your convenience—or drop us a postal card, and we will do the rest.

ARMED PEACE IN KENTUCKY

A Seeming Truce Maintained by Taylorites and Goebelites.

Continued From page 1.

Is done for the protection of the citizens of Frankfort against the soldiers who might happen to take on a little too much tangle-foot while not on duty. So far the soldiers have been on good behavior and no complaints have come in from any source in this line.

CALL MADE FOR VOLUNTEERS.

Notices in Heavy Black Type Posted in Lexington.

Lexington, Ky., Feb. 2.—The following notice, in heavy black type, on Manila paper, has been posted in this city:

"Law-abiding citizens, attention! The books are now open at the courthouse for signatures under the leadership of Capt. O. F. Reed, an old veteran, to report to Gen. John B. Castleman immediately."

These notices were circulated on the streets, and some of them had been pasted on conspicuous corners. Capt. Reed declared that his brother, Richard M. Reed, has printed and circulated the notices, but he said he was ready to lead the company wherever Gen. Castleman might want it to go. When told that Gen. Castleman had not yet been appointed adjutant-general by Senator Goebel, he said, in that event, he did not know that he would go to war in his old age. Very few men signified their willingness to enlist under Capt. Reed, and he will probably not get up a company on that account. Mountaineers are going tough on every train for Frankfort. They say they will die with Taylor before he shall submit to the unlawful action of the democrats.

WATKINSON GIVES HIS VERSION. Says the Louisville & Nashville is the Real Power Against Goebel.

Kansas City, Mo., Feb. 2.—Henry Watkinson, editor of the Louisville Courier-Journal, was at the Union depot here Thursday night on his way home from a lecture tour in the west. Of the state of affairs in Kentucky Mr. Watkinson said:

"The public outside of Kentucky has been systematically and singularly misadvised as to the conditions and cause of events within the state. The mainspring of the fight against William Goebel—the source and resource of the vast sums of money which the democrats have had to meet at every stage of the proceeding—the originator of the implacable and savage bitterness—has been the Louisville & Nashville railway. The Brown movement has nothing else behind it. The republicans, by the aid of the Louisville & Nashville, brought to Frankfort a train load of picked killers from the mountains of the regulation sort. The demonstration was so shocking that it produced a reaction and the mob of murderers was sent home. But enough of them remained behind to do the essential part of the work for which they had been brought—the killing of Mr. Goebel. In a word, from first to last the democrats have had to meet the money of the railroad, the threats of the republicans organized for armed violence, at every turn, and now these things culminate in assassination. It surprises no one in Kentucky. It is a logical consequence of a campaign of corruption and debauchery."

Funeral Train Starts East.

San Francisco, Cal., Feb. 2.—The special train bearing the remains of Major Gen. Lawton, Major John A. Logan and Dr. John L. Armstrong left this city Thursday afternoon. Four troops of cavalry and 100 members of the grand lodge of Odd Fellows, of which Gen. Lawton was an honored member, made up the escort. Gen. Lawton's remains will lie in state one day at Fort Wayne and one day at Indianapolis, Ind., and will then be taken directly to Washington for burial in the national cemetery at Arlington.

Robbers Frightened by a Train.

Mexico, Mo., Feb. 2.—Word from Glasgow, west of Mexico, says that robbers entered the Chicago & Alton depot there, and were robbing the safe when they were frightened by the approach of a freight train, dropping \$500 as they escaped.

No Insult Intended.

Philadelphia Record: While his meal was being served on Saturday night to a West Walnut street exquisites, whom the excessive expenditures of Christmas week had reduced to a cheap restaurant, he showed displeasure with the manner in which things were served. The constant rattle of dishes on the hard tables and the bellowing of the waiters as they announced their orders to the cooks at the end of the room made him nervous. When the busy waiter deposited his order before him the young man began a fusillade of reproach on the substantial but homely waffles. "Do you call that a veal cutlet?" he demanded of the waiter. "Why, such a cutlet as that is an insult to every self-respecting calf in Bucks county." The waiter hung his head for a moment, but on recovering himself, said, in a tone of quiet apology: "I really didn't intend to insult you, sir."

WOMAN SLAIN WITH A KNIFE.

Her Jealous Murderer at Once Took His Own Life.

Chicago, Feb. 2.—Prompted by jealousy, Nicholas Hetzler stabbed and mortally wounded Mrs. Louise Schaefer in her home at 4455 Princeton avenue Thursday and then shot himself in the temple. Hetzler died instantly and Mrs. Schaefer expired within a half hour. The tragedy was witnessed by Ernest and Freida, 5 and 3 years old, respectively, children of Mrs. Schaefer. Hetzler is thought to have been actuated by the insane prompting of a gloomy and jealous nature.

ODD REASONS

Given for Advising People to Stick Stamps on Straight.

New York Tribune: "Did you ever happen to think," said A. V. Rawdon of Kansas City, at the Gilsey house, "of how much better it would be if people would affix stamps neatly and in an upright position upon their letters, instead of in the helter-skelter manner which is generally prevalent? Besides, is it treating in fitting manner the memory of those great ones in the history of the republic whose features are held in living memory by means of the post? The father of his country has not come down to us historically as one likely to enter the presence of a lady on his nose, or, even when carrying you a notification that your bank account is overdrawn, to do so while skating along on his left eyebrow. Do you think that he who wrote the saying of Poor Richard and drew up the Articles of Confederation for the Albany convention would stand on his head, even were he conscious that it was his lot to carry around patent medicine advertisements and book notices? Would the conqueror of Appomattox, after his wonderful trip around the world, rest easy if he knew he was repeating that triumphal progress every day and entering the uttermost corners of the earth on his ear, his eye, or flat on his back? Or, again, is it besting that the stern and rugged conqueror of New Orleans and uncompromising opponent of the United States bank should enter your presence upon his right or left side? I shudder even to think of him as standing on his head, on account of the agony this position would cause him, due to his spike-like hair. By all means, stick your stamps on straight. It looks better and, besides, pays a more fitting tribute to the nation's dead."

Zola Acquitted of Libel.

Paris, Feb. 1.—M. Zola has been acquitted of the charge of calumniating M. Judet, the political director of the Petit Journal. Some time ago M. Judet published letters reflecting on Zola's father, and the latter published an attack on him.

A Detailed Map of Rock County . . .

Work is now in progress on a new wall map for Rock County. In size it will be 42x47 inches, mounted on cloth, and each township (of which there are twenty) will be neatly colored. The county will be represented on the scale of 1½ inches to the mile and will show the location of streams, lakes, cities, villages, school houses, churches, town houses and residences, public roads and railroads. It will also locate the farms, giving the number of acres and the name of the present owners wherever it is possible to do so. As fast as the drawings of the townships are completed they are verified so that the map will be as nearly correct as possible. The work will be of great value to business and professional men and farmers, and should find place in every school house in the county. The last wall map of the county was made a great many years ago, so that this new one will fill a long felt want.

The Price is \$6.00.

Only enough of the Maps will be printed to fill orders. This fact should be borne in mind by those interested. Agents will begin the work of canvassing at once; orders may be given them and may also be sent to us in care of The Gazette office. If you will send in your name a representative will call and give more information if necessary.

The undersigned hereby orders W. W. HIXSON & CO. to publish and deliver to me or us . . . Map of Rock County, Wisconsin, for which I agree to pay W. W. HIXSON & CO., or agent, the sum of Six Dollars on delivery of said Map.

The Maps to be mounted on Cloth, neatly colored by townships. The county will be represented on the scale of 1½ inches to the mile and show the location of Streams, Villages, School-houses, Churches, Townhouses and Residences, Public Roads and Railroads also, locating the Farms, giving the number of Acres and the name of the present owners, wherever it is possible to do so.

You Can Save Time by filling out and signing in ink your full name to the accompanying order and forwarding it to us, care of The Gazette.
